Subject: increase the gasoline tax

To: Commission on reform of the California tax system
Also To: Paul Fong, 22nd District, California Assembly

Ladies and Gentlemen:

Today, August 17, 2009, I read an editorial that I agree with. It advocates a gasoline tax increase for California. The editorial was written by Joseph Bankman, and appeared in the San Jose Mercury News. Please double the gasoline tax or implement a sliding scale increase, as described in the editorial.

Yours truly,
