Subject: RE: Contingent Meeting

Dear Fred,

Thanks very much for your e-mail and your summary of the meeting you had. I'm sure it was interesting. I appreciate your interest in the work of the Commission and the time you have spent on the subject matter. As always, I welcome any thoughts you have. Please bear in mind that other Commissioners have also devoted thoughtful time to our work and have proposals/suggestions to be considered. For example, I have spoken at length with Chris Edley who sent me the attached thoughtful "Blue Proposal" which we will all discuss at our next meeting.

I welcome all Commissioners expressing their views. I especially appreciate your commitment "to work within the context of the basic proposal" since it was discussed by all Commissioners and outlined for the public on our website.

I look forward to speaking with you and once again appreciate your commitment to a successful outcome for the Commission.

Best regards,

Gerry Parsky
